Affidavit

(Individual)
Summit County

Affecting Highland Estates

Scott L. Nelson, Corporate Secretary of High Valley Water Company, the undersigned, does attest and affirm that the document directly following this affidavit is a true and exact duplicate of the original STATUS OF LOTS IN HIGHLAND ESTATES AS DETERMINED BY THE SUMMIT COUNTY PLANNING OFFICE with the addition of several marginal notes and that the original or certified copy is not in the possession or under the control of the party producing the record or certified copy. **78-25-13** This affidavit is being recorded because questions are surfacing regarding whether or not certain lots in Highland Estates Plats A and B have been legally split. It would appear that title companies are forgetting to check this document. Lots that are not legally split have only one share of High Valley Water Company. The Summit County Planning Department determines what lots are buildable lots.

Dated the 26th day of September, 2003.
