The Association shall have the responsibility to restore to its prior condition and repair any damage caused by this easement. CAAP activities shall not interfere with normal use of Members' property. This easement shall not apply to Parcel A.

ARTICLE V. ASSESSMENTS.

1. Agreement to Pay Assessments. Declarant for itself and each Owner by the acceptance of instruments of conveyance and transfer of property within the Project, whether or not it be so expressed in said instruments, shall be deemed to covenant and agree with each other and with the Association to pay to the Association all Assessments made by the Association for

the purposes provided in this Declaration. Such Assessments shall be established and collected from time to time as provided in this Declaration.

2. Annual Assessments. “Annual Assessments” or “Assessments” shall mean and be computed and assessed by the Association as follows:

A. Common Expense. Annual Assessments shall be based upon advance estimates of the Association’s cash requirements to provide for payment of capital improvements as permitted hereunder and all estimated costs and expenses of the Association arising out of or connected with the maintenance and operation of the Common Areas, CAAPs, and furnishing common utility services and other common items to the real property within the Project and all other costs and expenses of the Association respecting the rights and duties of the Association as herein created, however, the initial cost of construction of all Common Areas shall be the responsibility of Declarant or other third party that has accepted the responsibility for such costs. Wetland mitigation facilities were installed or are being installed by the Boyer Company by agreement between the Declarant and the Boyer Company. Such estimated expenses may include, without limitation: real property taxes and special assessments on the Common Areas; premiums for all insurance that the Association is required or permitted to maintain hereunder; repairs, maintenance, restoration and cleaning of the Common Areas; landscaping; snow removal; wages of Association employees, including fees for managers, independent contractors and consultants; trash removal; utility charges; legal and accounting fees; any deficit remaining from a previous period; creation of an adequate contingency reserve, maintenance reserves and/or sinking fund; creation of an adequate reserve fund for maintenance, repairs, and replacement of those Common Areas that must be replaced on a periodic basis; expenses associated with CAAPs; capital improvements and any other expenses and liabilities which may be incurred by the Association under or by reason of this Declaration. The aggregate of all such items shall constitute the Common Expense Fund.

B. Apportionment. Common Expenses , not including capital improvements, shall be apportioned among and assessed to all Owners based on the relationship between the total number of votes entitled to be cast by Members, but without regard to the weighted voting rights set forth in Article III, paragraph 3.C. hereof, and the number of votes to which each Owner is entitled to cast as set forth in paragraph 3 of Article III hereof. Declarant shall be duly liable for the amount of any Assessments against it calculated without regard to the weighted voting rights set forth in Article III, paragraph 3.C. hereof.

Common Expenses for capital improvements shall be determined at the time the assessment for such expenses is made, and shall be apportioned among and assessed to all Owners in proportion to each Owner’s share of the total of the Billable Square Footage—Active and Billable Square Footage—Passive.

The intent of apportionment of common expenses for capital improvements is that all parcel Owners should pay a share for a portion of common expenses for capital improvements without

regard to whether the parcel is vacant, the parcel is partially developed, or the parcel is fully developed with residential, commercial, retail or other improvements constructed thereon.

The Association shall not undertake capital improvements in any single instance where the cost of such improvements is in excess of the budgets for all expenditures, as the same may have been established in accordance with paragraph 4.H of this Article for the current year if a budget has been established or in the case of emergency expenditures not to exceed the prior year budget, if a current year budget has not been approved, except upon approval of a majority of the votes entitled to be cast by the Members present or represented by proxy at a meeting at which a quorum was initially present.

The Declarant shall be responsible for the cost of providing all Project parking throughout the complete build out of the Project, except for: i) parking on parcels where a third party has accepted the responsibility for such costs and ii) transit related parking provided under the terms of section III.4.D above. Upon completion of the build out of the Project, the cost of developing additional parking will be the responsibility of the Association, subject to the vote of three-fourths (3/4) of the Members, or by third parties that have accepted the responsibility for such costs.

If the Association incurs Common Expenses for capital improvements related to the construction of structured parking on the Property, the SBSRD share of such expenses and costs shall be as follows:

(i) SBSRD shall fund its proportionate share of the cost of constructing structured parking on the Project to the extent that SBSRD's peak parking demand from all of SBSRD's facilities within the Project exceeds 241 parking spaces.

(ii) If the Declarant, its successor, or the Association proposes that a regional transit hub be located within the Project, the transit hub and the structured parking may be funded, in part, through federal subsidies under the Transit Oriented Development ("TOD") grant system. SBSRD shall act as co-applicant for any such TOD subsidies for the Project, provided that SBSRD does not incur any material cost or any actual or potential liability. If SBSRD provides such co-applicant assistance and Declarant, its successor, or the Association is successful in obtaining such TOD subsidies, SBSRD's financial obligation to fund parking structures to meet demands in excess of 283 spaces shall be reduced by fifty (50%).

C. CAAP Assessments. Anything else in this Article V to the contrary notwithstanding, the Owner of each parcel of real property within the Project shall be assessed and pay not less than \$.03 plus COLA for each vote that such Owner is entitled to cast, calculated in accordance with the sum of paragraph 3.A. and paragraph 3.B. of Article III hereof, to fund CAAPs ("CAAP Assessments"); provided, however, the Association may allow a credit of up to 75% of any CAAP Assessment for activities approved in advance (as used in this paragraph "Qualifying Activities") which, in the Association's discretion, contribute to the

purposes of CAAPs. CAAP Assessments shall be allocated and administered in the manner set forth in section III.4.E. of this Third Amended and Restated Declaration of Covenants, Conditions and Restrictions.

(i) For purposes of the maximum 75% credit referred to above, the following shall be deemed Qualifying Activities to the extent conducted by the SBSRD on Parcel A (or by other Owners on other parcels for cost referred to in paragraph V.2.C.(i) (a) of this Article V):

- (a) Cost of construction and maintenance of capital improvements freely accessible to the public, such as "pocket parks."
- (b) Incremental cost of initial improvements made to a field house to accommodate use of such facility as a convention center.
- (c) Incremental cost of initial improvements made to a swimming pool to accommodate year round operation, as compared to seasonal operations only.
- (d) Incremental cost of operation and maintenance of a swimming pool to accommodate year round operation, as compared to seasonal operations only.

(ii) The cost of such Qualifying Activities described in paragraphs 2.C.(i)(a), (b) and (c) of this Article V shall be divided by ten (10) plus COLA to determine the yearly credit hereunder and shall be available perpetually as such credit until disqualified as hereinafter provided. Such credit shall begin in the first full year after completion of such Qualifying Activities and shall continue for each successive year until the year of cessation of use of such capital facilities for the purposes for which such credit was given. Such credit shall resume in the first full year after such capital facilities resume the use for the purposes for which such credit is provided. Respecting 2.C.(i)(b), the facility must be utilized ten (10) days per calendar year for non-athletic events such as concerts and conventions to qualify for the credit. Respecting 2.C.(i)(c) and (d), and the swimming pool must be available for use 90 days during the period between Thanksgiving and Easter, inclusive to qualify for the credit. In any year, credit for Qualifying Activities in excess of 75% of CAAP Assessments shall not carry forward to successive years.

D. The provisions set forth in paragraph 2.C. of this Article V shall not be amended except upon approval of three-fourths (3/4) of the votes entitled to be cast by the Members present or represented by proxy at a meeting at which a quorum was initially present,

BK1667 PG0680

and any amendment reducing SBSRD Qualifying Activities or credit shall require consent of SBSRD.

E. Notice and Payment. Except with respect to the first year, the Association shall notify each Owner in writing as to the amount of the Annual Assessment at the annual Owners' meeting, or as soon as reasonably practical after the annual Association meeting. Except as otherwise provided by the Association, each Annual Assessment shall be payable in one (1) annual installment, due on or before February 15 of the year for which such Annual Assessment is payable; provided, however, the Annual Assessment for the first year shall be prorated to reflect the portion of the first year that shall have elapsed prior to the date of assessment. All unpaid installments of any Assessments shall bear interest at the rate established by the Association, which rate shall not exceed the lesser of (i) eighteen percent (18%) per annum and (ii) the maximum rate permitted by applicable law, from fifteen (15) days after the date each such installment becomes due until paid. The Association shall also have the right to assess a late fee of up to five percent (5%) of any Assessment installment not paid within fifteen (15) days following the due date thereof. The failure of the Association to give timely notice of any Assessment as provided herein shall not be deemed a waiver or modification in any respect of the provisions of this Declaration, or a release of any Owner from the obligation to pay such Assessment or any other Assessment.

F. Inadequate Funds. In the event that the Common Expense Fund proves inadequate at any time for whatever reason, including without limitation non-payment of any Owner's Assessment, the Association may levy additional Assessments in accordance with the procedure for special Assessments set forth in Article V, section 3 below, except that the vote therein specified shall be unnecessary.

3. Special Assessments. In addition to the Annual Assessments authorized by this Article, the Association may levy, at any time, and from time to time, upon the approval of at least two-thirds (2/3) of the votes entitled to be cast by the Members present or represented by proxy at a meeting at which a quorum was initially present, which shall be payable over such periods as the Association may determine, for the purpose of defraying in whole or in part, the cost of any conversion, expansion, construction or reconstruction, unexpected repair or replacement of the Project or any part hereof, or for any other expense incurred or to be incurred as provided in this Declaration. Notice in writing of the amount of each such special Assessment and the time for payment thereof shall be given promptly to the Owners; no payment shall be due less than fifteen (15) days after such notice shall have been given. All unpaid portions of any special Assessment shall bear interest at the rate established by the Association, which shall not exceed the lesser of (i) eighteen percent (18%) per annum and (ii) the maximum rate permitted by applicable law, from the date such portions become due until paid. All funds received from special Assessments under this section shall be part of the Common Expense Fund.

4. Lien for Assessments. Except with respect to parcels owned at any point in time by any governmental entity, all sums assessed to Owners of real property within the Project pursuant to the provisions of this Article, together with penalties and interest thereon as provided

herein, shall be secured by a lien on the respective Owner's real property within the Project in favor of the Association. To evidence a lien for sums assessed pursuant to this Article, the Association may prepare a written notice of lien setting forth the amount of the assessment, the date due, the amount remaining unpaid, the name of the Owner and a description of the parcel owned by such Owner. Such a notice shall be signed and acknowledged by a duly authorized officer of the Association and may be recorded in the office of the County Recorder of Summit County, State of Utah. No notice of lien shall be recorded until there is a delinquency in payment of the Assessment. Such lien may be enforced by sale or foreclosure conducted in accordance with the provisions of law applicable to the exercise of power of sale or judicial foreclosure of deeds of trust or mortgages or in any other manner permitted by applicable law. In any such foreclosure, the Owner shall be required to pay the costs and expenses of such proceeding (including without limitation reasonable attorneys' fees and related costs), and such costs and expenses shall be secured by the lien being foreclosed. The Owner shall also be required to pay to the Association any Assessment which shall become due during the period of foreclosure, and all such Assessments shall be secured by the lien being foreclosed. The Association shall have the right and power to bid in some or all of the amount so secured at any foreclosure sale and to hold, lease, mortgage or convey the parcel in the name of the Association following such foreclosure if the Association is the successful bidder.

5. Personal Obligation of Owner. The amount of any Annual Assessment or special Assessment shall be the personal obligation of the Owner to the Association. Suit to recover a money judgment for such personal obligation shall be maintainable by the Association without foreclosing or waiving the lien securing the same. No Owner may avoid or diminish any such personal obligation by waiver of the use and enjoyment of any of the Common Areas or by abandonment or by waiving any services or amenities provided for in this Declaration. In the event of any suit to recover a money judgment of unpaid Assessments hereunder, the involved Owner shall pay the costs and expenses incurred by the Association in connection therewith, including without limitation reasonable attorneys' fees and related costs.

6. Personal Liability of Purchaser. The personal obligation of an Owner to pay unpaid Assessments shall not pass to successors in title unless assumed by them; provided, however, that the lien to secure unpaid Assessments shall not be affected by the sale or transfer of the parcel so encumbered.

7. Evidence of Payment of Annual and Special Assessments. Upon receipt of a written request by an Owner, the Association within a reasonable period of time thereafter shall issue to such Owner a written certificate stating (a) that all Annual and special Assessments have been paid as of the date of such certificate, or (b) if all Annual and special Assessments have not been paid, the amount of such Annual and special Assessments (including interest, costs and attorneys' fees, if any) due and payable as of such date. The Association may make a reasonable charge for the issuance of such certificate, which charge must be paid at the time the request for any such certificate is made. Any such certificate, when duly issued as herein provided, shall be conclusive and binding with respect to any matter therein stated.

8. Parking and Roadway Related Expenses. Anything in this Article V to the contrary notwithstanding, Parking and Roadway Related Expenses shall be assessed to Association Owners in accordance with this paragraph 8. The total Parking and Roadway Related Expenses shall be determined by the Association and each Owner shall be assessed an obligation to pay a share of such expenses equal to an amount determined by multiplying the total Parking and Roadway Related Expenses by a fraction, the numerator of which is Peak Parking Demand for the applicable period associated with such Owner's uses of its parcel within the Project and the denominator of which is the total Peak Parking Demand by all Owners associated with all parcels within the Project for such period.

ARTICLE VI. OWNER MAINTENANCE

1. Maintenance. All Buildings and other improvements shall be maintained by the Owner thereof so as not to detract from the appearance of the Property and so as not to affect, adversely, the value or use of the Project or any portion thereof. The Owner of each parcel in the Project shall maintain, or cause to be maintained, in a safe, clean and tenantable condition, and in good order and repair, consistent in manner and appearance with a first-class, high quality commercial and/or residential real estate development, all Buildings and other improvements located on such Owner's respective parcel.

2. Association's Right to Maintain. The Association shall have the right, but not the obligation, to maintain and repair the Buildings and other improvements of any Owner, after written notice of not less than thirty (30) days to such Owner of his failure to repair or maintain as required by this Declaration, specifying in reasonable detail the items not performed by such Owner. In the event the Owner fails to cure such failure to repair or maintain following delivery of such notice, the Association may undertake, on behalf of such Owner, those items of repair or maintenance therein specified, in which event the Owner shall reimburse the Association for all costs and expenses incurred by the Association in performing such repair or maintenance, plus 15% of all such amounts, within thirty (30) days following demand for payment.

The cost of any such repair or maintenance by the Association shall be treated and enforceable in accordance with provisions herein relating to Assessments for which such Owner is liable and to which such Owner's real property within the Project is subject.

3. Destruction. In the event of destruction or damage from fire or any other casualty to any Buildings or other improvements, the Owner whose Building or other improvements is destroyed or damaged shall within six (6) months following the date of such fire or casualty have started to rebuild or repair the same, or to remove debris and level the same. If an Owner elects to rebuild or repair such Building or other improvements, the same shall be repaired and rebuilt to at least substantially the same size and condition as existed immediately preceding such fire or casualty within 12 months following such fire or casualty. If the Owner elects to remove the debris and level the Buildings or other improvements so destroyed or damaged, the same shall be leveled so that the affected area conforms substantially to the Common Areas around it. The Owner shall retain the right to rebuild such Building or other improvements provided that such

Owner comply with all of the terms and conditions of this Declaration. However, if the Owner fails to rebuild or repair such Building or other improvements within 12 months following the fire or casualty, the Association shall have the right to construct parking or landscaping improvements on the property and the right to use the property as if it were a Common Area, until such time as Owner proceeds with such rebuilding and repair of the Building and other improvements.

4. Utilities. The Owner shall pay for all utility services furnished to each parcel of real property within the Project except utility services which are not separately billed or metered to individual parcels by the utility or other party furnishing such service. The Association shall pay such bills which are not separately metered and charge an appropriate share to each Owner as part of the Common Expenses.

ARTICLE VII. ARCHITECTURAL CONTROL

1. Association Approval. Except for routine maintenance which does not substantially alter the appearance of Buildings or other improvements, no Building or other improvement of any sort whatsoever, or other structure or improvement, shall be erected, altered, moved, removed or maintained on any parcel of real property within the Project, nor shall any exterior, addition to, or change or alteration to any exterior of any Building or other improvement be made, unless the plans and specifications showing the color, nature, kind, shape, height, materials and location of the same, along with such other specifications as the Association shall request, shall have been submitted to, and approved in writing by, the Association which approval shall not be unreasonably withheld or delayed. The Association shall use its best judgment to ensure that all Buildings and other improvements, constructions and alterations within the Project conform to and harmonize with the requirements of this Declaration and the external design, color, texture and quality of existing Buildings and other improvements.

2. Procedure. In the event the Association fails to approve or disapprove plans and specifications within sixty (60) days after said plans and specifications, in complete detail, have been submitted to it, approval shall be deemed to have been given, and the provisions of this Article VII shall be deemed to have been fully complied with. The Association may establish such rules as in its discretion it deems appropriate, including without limitation rules governing the form and content of submissions for consideration, as provided hereunder.

3. No Liability. Neither the Association, nor any Member thereof, nor any officer or director of the Association, nor any representative of the Association, shall be liable for damages by reason of any action or inaction or approval or disapproval by the Association, or by such other person, which occurs, or is taken, given or refused with respect to any matter relating to this Declaration.

4. Repair Work. All construction, alteration and repair work shall be accomplished in an expeditious manner in compliance with all laws, rules, regulations, orders, permits,

approvals and licenses of governmental authorities having jurisdiction thereof. The Owner undertaking such work shall take all necessary measures to minimize any disruption or inconvenience caused by such work. Such work shall be accomplished in such a manner as to minimize any damage or adverse effect which might be caused by such work to any other party or any other parcel of real estate within the Project. The Owner undertaking such work shall repair, at his own cost and expense, any and all damage to Common Areas or third party property caused by such work and shall restore any such damaged property to a condition which is equal to, or better than, the condition which existed prior to the beginning of such work. The Owner undertaking such work shall indemnify and hold all other Owners and the Association harmless from all damages, loss or claims, including without limitation reasonable attorneys' fees and related costs attributable to the performance of such work.

ARTICLE VIII. ENFORCEMENT/MISCELLANEOUS

1. Rights of Enforcement. The right to enforce the terms, restrictions, covenants and easements contained herein and rules adopted by the Association shall belong only to the Owners, those holding real property within the Project through the Owners, and the Association.
2. Injunctive Relief. In the event of any violation or threatened violation of any of the terms, restrictions, covenants or easements contained herein, and any rules adopted by the Association, any person entitled to enforce this Declaration will have, in addition to the right to collect damages, if any, the right to enjoin such violation or threatened violation in a court of competent jurisdiction.
3. Force Majeure; Attorneys' Fees. If the performance of any act or obligation of any party is prevented or delayed by an act of God, war, labor disputes or other causes beyond the reasonable control of such party, the time for the performance of the act or obligation shall be extended for a period that such act or performance is actually delayed or prevented by such cause. In the event any suit is brought for the enforcement of any provision of this Declaration, or as the result of any alleged breach thereof, or for a declaration of rights and duties hereunder, the successful party or parties to such suit shall be entitled to collect reasonable attorneys' fees from the losing party or parties, and any judgment or decree rendered shall include an award thereof.
4. No Termination. It is expressly agreed that no breach or violation of this Declaration will terminate this Declaration, but this limitation will not affect, in any manner, any other rights or remedies for any breach of this Declaration.
5. Cumulative Remedies; Waiver. The remedies to which any person entitled to enforce this Declaration may resort under the terms hereof are cumulative and are not intended to be exclusive of any other remedies to which such person may be entitled. Failure to insist upon the strict performance of any of the covenants of this Declaration, or to exercise any remedy herein contained, in any one or more cases shall not be construed as a waiver or a relinquishment for the future of such covenant or remedy.

6. Severability. If any clause, sentence or other portion of the terms, covenants or restrictions of this Declaration shall be determined to be illegal, null or void for any reason, or is held by a court of competent jurisdiction to be so, the remaining portions shall remain in full force and effect.

ARTICLE IX. DURATION

This Declaration, and each easement, covenant, condition and restriction hereby created, shall continue for a period of fifty (50) years from the date of recording of this instrument with the Office of the Summit County Recorder, State of Utah, or for such longer period as may be provided for by amendment to this Declaration.

ARTICLE X. AMENDMENTS OR MODIFICATIONS

Except as otherwise provided respecting certain provisions hereof, this Declaration, and any term, covenant, restriction or easement contained herein, may be terminated, extended, modified or amended by the Association upon the affirmative vote of at least two-thirds (2/3) of the votes entitled to be cast by the Members present or represented by proxy at a meeting at which a quorum was initially present.

ARTICLE XI. MORTGAGE PROTECTION CLAUSE

1. Mortgage Protection. The Board of Directors shall maintain a roster containing the name and address of each Eligible Mortgagee. A First Mortgagee may become an Eligible Mortgagee by providing the Board of Directors with a certified copy of its recorded First Mortgage and the name and address of the First Mortgagee, together with a written statement that the Mortgage is a First Mortgage and a request that it receive notice of the matters and actions described in this Article below. An Eligible Mortgagee shall be stricken from the roster of Eligible Mortgagees upon written request by such Eligible Mortgagee or upon receipt by the Board of Directors of a certified copy of a recorded full release or satisfaction of the applicable Eligible Mortgage. Notice of such removal shall be given to the Eligible Mortgagee unless the Eligible Mortgagee has requested such removal. Upon the Association's receipt of a written request from an Eligible Mortgagee in the manner set forth herein to receive notice of the matters and actions described in this Article below, an Eligible Mortgagee shall be entitled to written notice of:

A. Any condemnation loss or any casualty loss which materially affects a significant portion of the Property on which there is a Mortgage held, insured or guaranteed by such Mortgagee, insurer or governmental guarantor;

B. Any delinquency in the payment of Assessments or charges owed by an Owner a portion of the Property is subject to a First Mortgage held, insured or guaranteed by such Mortgagee, insurer or governmental guarantor, which delinquency or default remains

uncured for a period of sixty (60) days;

C. Any lapse, cancellation or material modification of any insurance policy or fidelity bond or insurance maintained by the Association; and

D. Any default by an Owner of a portion of the Property in the performance of such Owner's obligations under these Declarations, the Articles, or the Bylaws which default is not cured within sixty (60) days.

2. Subordination of Lien. A First Mortgagee who comes into possession of a portion of the Property or an interest therein (a) pursuant to the remedies provided in such First Mortgage, or (b) by foreclosure of the First Mortgage, or (c) by way of deed or assignment in lieu of foreclosure, shall take such portion of the Property or interest therein free of any claims for unpaid assessments or charges which accrued prior to the time such First Mortgagee comes into possession of such portion of the Property or interest therein, except for claims for a pro rata share of the applicable assessments or charges resulting from a pro rata reallocation of such assessments or charges to all or portions of the Property, including the portion of the Property or interest therein which is subject to such First Mortgage. Furthermore, upon such foreclosure or deed or assignment in lieu of foreclosure, any rights with respect to any portion of the Property or interest therein which have been suspended with respect to the defaulting Owner shall be reinstated. The provisions of this section XI.3 shall be in addition to the rights of a First Mortgagee under section XI.4 below.

3. Prior Written Approval of Eligible Mortgagee. The approval of both three-fourths (3/4) of the Voting Power of the Association, as provided for in these Declarations, and by Eligible Mortgagees holding First Mortgages on portions of the Property the Owners of which have at least three-fourths (3/4) of the votes in the Association allocated to Owners of portions of the Property subject to First Mortgages held by Eligible Mortgagees shall be required before the Association is entitled to:

A. By act or omission, seek to abandon or terminate this Declaration or the Project;

B. By act or omission, seek to abandon, partition, subdivide, encumber, sell or transfer the Common Areas, if such act or omission would materially decrease the value of an Owner's portion of the Property encumbered by a First Mortgage. The granting of easements for public utilities or for other public purposes consistent with the intended use of the Common Areas shall not be deemed a transfer within the meaning of this subsection;

C. Use hazard insurance proceeds for losses to the Common Areas for any purpose other than the repair, replacement or reconstruction of the Common Areas; and

D. Modify the rights granted to Mortgagees under this Article XI.

4. Right of Inspection. First Mortgagees shall have the right to inspect Association documents and records on the same terms as the Owners.

ARTICLE XII INFORMAL ACTION BY MEMBERS

1. Written Consent. Any action required to be taken at a meeting of the Members of the Association, or any action which may be taken at such meeting of the Members, may be taken without a meeting and without prior notice if a consent in writing, setting forth the action so taken, shall be signed by Members having not less than the number of votes that would be necessary to authorize or take the action at a meeting at which all Members entitled to vote thereon were present and voted. The following additional provisions shall govern any application of this section:

A. The Board of Directors shall provide the proposed written consent to all Members of record entitled to vote thereon no less than ten (10) days prior to when the vote can be counted and in accordance with section III.5. Methods of Providing Notice of the By-Laws of the Association.

B. All necessary consents must be obtained prior to the expiration of sixty (60) days after the proposed written consent was deemed to have been delivered.

C. Unless the consents of all Members having an ownership interest in the same parcel are secured, the consent of none of such owners shall be effective.

2. Form of Participation in Meetings. Members of the Association may participate in any meeting of Members by, or the meeting may be conducted through the use of, any means of communication by which all persons participating in the meeting can hear each other during the meeting. A Member participating in a meeting by this means shall be considered to be present at such meeting.

ARTICLE XIII. INTERPRETATION TO AVOID CONFLICTS OF LAW
