**SETTLEMENT AND RIGHT-OF-WAY AGREEMENT**

This Settlement and Right-of-Way Agreement ("Agreement") is effective as of the 18<sup>th</sup> day of February, 2005, by and between PACIFICORP, an Oregon corporation doing business as Utah Power, successor-in-interest by merger of Utah Power and Light Company, a Utah corporation ("Utah Power"), and STICHTING MAYFLOWER RECREATIONAL FONDS, STICHTING MAYFLOWER MOUNTAIN FONDS, entities formed under the laws of The Netherlands, and JORDAN INVESTMENTS, INC., a Utah corporation (collectively "Stichting")

RECITALS

WHEREAS, Utah Power, an electric utility company, has constructed and now operates a 138kV electrical transmission line, together with various underbuilt distribution lines, between its Silver Creek substation in Summit County, State of Utah, and a new substation in Wasatch County, Utah, located below the Jordanelle Dam as part of its Silver Creek Jordanelle Project; and

WHEREAS, Stichting is the owner of certain lands in both Summit and Wasatch Counties, State of Utah, in the vicinity of the Jordanelle Reservoir and over which Utah Power intends to construct and operate the aforementioned transmission/distribution lines; and

WHEREAS, Utah Power presently owns certain historical power line easements and an electrical switch rack on the lands of Stichting; and

WHEREAS, in furtherance of its Silver Creek/Jordanelle Project, Utah Power commenced a civil action in the Fourth Judicial District court for Wasatch County, State of Utah, Civil No. 980500241 seeking to condemn a right-of-way easement for its

transmission/distribution lines, together with a substation site over and on Stichting's lands; and

WHEREAS, on or about October 29, 1998, the Court entered its Findings of Fact, Conclusions of Law and Order of Immediate Occupancy granting to Utah Power, upon payment into the registry of the court of the sum of \$196,070, the right to enter upon Stichting's lands and "to do such work thereon as may be required including the construction, operation, and maintenance of the 138kV transmission line and underbuilt distribution lines and associated improvements for which said premises are sought to be condemned"; and

WHEREAS, on or about May 15, 2000, the Court entered its Findings of Fact, Conclusions of Law and Judgment of Condemnation awarding Utah Power right-of-way easements over and across Stichtings lands for purposes of the construction and operation of transmission/distribution lines, together with fee simple title to certain lands owned by Stichting for the purpose of constructing, operating and maintaining an electrical substation. Said Judgment also provided that:

[Utah Power] shall have the right of access to the right-of-way from adjacent lands of defendants for all activities in connection with the purposes for which this easement has been granted, including for the construction, operation and maintenance, repair, replacement, enlargement, and removal of electric power transmission, distribution, and communication lines and all necessary or desirable accessories and appurtenances thereto, including without limitation: supporting towers, poles, props, guys and anchors, including guys and anchors outside of the right-of-way; wires, fibers, cables and other conductors and conduits therefore; and pads, transformers, switchers, vaults and cabinets, along the general course now located by [Utah Power] on, over, or under the surface of the real property of defendants.

[Utah Power] shall have the further right to prevent the construction of any buildings or other structures on such rights-of way,

and to remove, and thereafter prevent, the growth of trees, limbs or branches, on or overhanging such rights-of-way"; and

WHEREAS, Stichting has appealed said judgment which appeal is presently under advisement before the Utah Supreme Court in Supreme Court No. 20000496; and

WHEREAS, Utah Power has relocated the substation to a location other than Stichting's lands, relocated and redesigned the transmission/distribution line easements to other locations on Stichting's lands and agrees to abandon and reconvey to Stichting all historical easements and an electrical switch rack, and Stichting is amenable to such conveyances and reconveyances.

NOW THEREFORE, in consideration of the mutual covenants and promises contained herein, Utah Power and Stichting agree as follows:

1. Grant of Easement. Stichting agrees to grant, and does hereby grant to Utah Power, an easement for the construction, operation and maintenance of its transmission/distribution lines on and over Stichting's lands. The easement to be granted is attached to this Agreement as Exhibit "A." The foregoing easements shall be recorded in the recorder's office in the applicable county. The legal descriptions of the foregoing easements will be surveyed and certified by the surveyor and recorded in the applicable county recorder's office. If there is a discrepancy between the certified surveys and the attached legal descriptions of the easement agreement, such legal description shall be modified accordingly and recorded.

2. Just Compensation. As total just compensation and consideration for the conveyance of these easements described in Paragraph 1, Stichting shall receive and be entitled to be paid the \$196,070 presently on deposit with the registry of Utah Fourth

Judicial District Court, Wasatch County, Civil No. 980500241, together with any interest that may have accrued thereon, if any.

3. Abandonment and Reconveyance of Historical Easements and Electrical switch rack Site. Utah Power agrees to and hereby does abandon and reconvey to Stichting the historical easements and the electrical switch rack site in the form and as described on Exhibit "B," Exhibit "C," and Exhibit "D." Utah Power further agrees to remove at its sole expense any and all poles, wires, electrical switch racks or other improvements located on the foregoing historic easements and electrical switch rack site. In the event that Stichting discovers any other recorded easements or other property rights held by PacifiCorp, or powerline facilities on the subject property that are no longer in use as of the date of this Agreement, PacifiCorp shall execute a release and disclaimer or reconveyance for such easements or other property rights and shall remove such power line facilities within ninety (90) days after notification by Stichting.

4. Abandonment and Reconveyance of Substation Site. Utah Power agrees and hereby does abandon and reconvey to Stichting the previously awarded substation site more specifically described on Exhibit "E" hereto.

5. Termination of Agreement to Exchange Easements. The parties agree that certain agreement entitled "Agreement To Exchange Existing Easements For Replacement Easement And To Exchange Existing Substation Location For Replacement Substation Location," dated June 13, 1991 is hereby terminated and shall have no further force or effect. The parties also agree to file a notice of termination in the form attached hereto as Exhibit "F."

6. Release of Easement in "East Park Subdivision." PacifiCorp holds certain easements for a distribution line in property known as the "East Park Subdivision Plats I and II" located in Summit and Wasatch Counties, Sections 1, 12, 13, T.2S., R.4E., S.L.M. PacifiCorp has removed all of its overhead distribution facilities that were constructed within said easements and hereby agrees to release all right, title, and interest in and to those easements in the form and as described in Exhibits "G" and "H". Provided, however, that PacifiCorp shall not release any interest in said easements where it has constructed underground distribution facilities for future development. PacifiCorp shall indemnify and hold harmless Stichting from and against any and all environmental claims arising from PacifiCorp's use of the easements for PacifiCorp's overhead and underground facilities.

7. Dismissal of Action. Utah Power and Stichting agree to direct their respective attorneys to execute a Stipulation of Dismissal in the form attached hereto as Exhibit "I" stipulating to the dismissal with prejudice of Supreme Court Case No. 20000496 and Civil No. 980500241, each party to bear its own attorneys' fees and costs. Utah Power and Stichting further agree to direct their respective attorneys to agree as to form and to submit to the Court an Order of Dismissal. Upon execution of said Order, the condemnation award shall be of no further force and effect.

8. Mutual Release. Utah Power and Stichting hereby release and discharge one another from any and all claims, demands and causes of action that they have or may have as of the date of this Agreement and arising in any respect out of any matter that is the subject of this Agreement. It is understood that this release shall be binding upon and

inure to the benefit of the parties' heirs, assigns, legal representatives and successors-in-interest to the subject properties.

9. Governing Law. It is agreed that this Agreement shall be governed by, construed, and enforced in accordance with the laws of the State of Utah, United States of America.

10. Entire Agreement. This Agreement constitutes the entire agreement between the parties and any prior understanding, agreement or representation of any kind preceding the date of this Agreement expressly including but not limited to that certain agreement entered into between the parties as of June 13, 1991, titled "Agreement to Exchange Existing Easements for Replacement Easement and to Exchange Existing Substation Location for Replacement Substation Location" shall not be binding on either party and shall be of no further force and effect.

11. Modification of Agreement. Any modification of this Agreement or obligation assumed by either party in connection with this Agreement shall be binding only if evidenced in writing and signed by each party.

12. Attorneys' Fees and Costs. In the event that any action is filed in relation to this Agreement, the unsuccessful party in the action shall pay all costs and reasonable attorneys' fees incurred by the opposing party.

IN WITNESS WHEREOF, each party to this Agreement has caused it to be executed on the date or dates indicated below.

**This Easement is granted subject to the following terms:**

1. Right of Access. Grantee shall have a right of access to the Easement from adjacent lands of Grantor for all activities in connection with the purposes for which this Easement has been granted. Grantee shall reasonably restore any damages caused to Grantor's property arising from the exercise of the foregoing right of access. Grantee shall also have the right to keep the Easement clear of all brush, trees, timber, structures, buildings and other hazards which might endanger Grantee's facilities or impede Grantee's access and related activities.
2. Restrictions on Grantor's Use. At no time shall Grantor place, use or permit any equipment or material of any kind that exceeds twelve (12) feet in height, light any fires, place or store any flammable materials, on or within the boundaries of the Easement. Subject to the foregoing limitations, the surface of the Easement may be used in connection with the development of Grantors' adjacent property and other purposes not inconsistent with, as determined by Grantee, the purposes for which this Easement has been granted.
3. Grantee's Use of Easement Property. Grantee's use of the Easement Property shall be limited to the construction, operation, maintenance, replacement, and removal of 138 kV high voltage electrical power transmission lines and distribution lines and all necessary and desirable appurtenances. Grantee shall have no right to expand the scope of the Easement or to grant third parties use, access, rights of way, or interests in all or a portion of the Easement Property.
4. Attorneys Fees. In the event any action to enforce the provisions of this Easement, the prevailing party shall be entitled to receive its costs and attorneys fees, in an amount determined by the court, not by a jury.
5. No Public Dedication. The provisions of this Easement are not intended to and do not constitute a dedication for public use of the Easement, and the rights herein created are private and for the benefit only of the parties hereto, their successors and assigns.
6. Indemnification. Grantee hereby agrees to indemnify, protect, defend and hold harmless Grantor, its successors, and assigns, from claims, liabilities, costs and expenses arising out of any act or omission of Grantee, its successors, and assigns in connection with the construction,

operation, or maintenance of Grantee's improvements upon this Easement; provided, however, that this indemnification shall not apply to any claims or liabilities arising from Grantor's negligence.

7. Notices. Notices required herein shall be in writing and shall be given by personal delivery, facsimile, or by deposit in the United States mail, Certified Mail, Return Receipt Requested (which receipt shall be preserved as evidence of delivery), postage prepaid, addressed to Grantor and Grantee at the addresses set forth in the introductory paragraph hereof.

8. Choice of Law. This Easement shall be construed in accordance with the laws of the State of Utah.

9. Successors and Assigns. The rights and obligations of the parties hereto shall be binding upon and shall benefit their respective heirs, successors and assigns.

10. Amendments. This Easement may be amended only by recording, in the office of the applicable county recorder, an instrument in writing reciting such amendment, bearing the acknowledged signatures of all parties hereto, or their successors and assigns.

11. Abandonment of Right of Way. In the event Grantee ceases to use the Easement for the transmission of power for a period of two (2) consecutive years, Grantee's rights conveyed herein shall revert to Grantors. In such event, Grantee shall record a document to formally abandon the Easement granted herein, and Grantee shall remove all of Grantee's facilities within 120 (120) days of recordation of such abandonment. After recordation of the abandonment, all rights of Grantee hereunder shall cease. Grantee shall repair all damage to the Easement and adjacent property caused by the removal of Grantee's facilities, and shall restore the surface of the Easement to same condition as it existed prior to removal, all at Grantee's sole cost and expense.

12. Due Authorization. The individuals executing this document each represents and warrants (i) that he or she is authorized to do so on behalf of the respective parties hereto, (ii) that he or she has full legal power and authority to bind the respective parties hereto, and if necessary, has obtained all required consents or delegations of such power and authority (whether from any partner, owner, spouse, shareholder, director, member, manager, creditor, investor, developer, governmental authority, judicial or administrative body, association or other person or entity), and (iii) that the execution, delivery and performance by the respective parties hereto of this document will not constitute a default under any agreement to which it is a party.

13. Counterpart Execution. This document may be executed and acknowledged in counterparts, all of which executed and acknowledged counterparts shall together constitute a single document. Signature and acknowledgment pages may be detached from the counterparts and attached to a single copy of this document to form physically one document, which may be recorded.
