AMENDMENT TO DEVELOPMENT AGREEMENT

THIS AMENDMENT TO DEVELOPMENT AGREEMENT (the "Amendment" is made and entered into as of the 3rd day of January, 2000, by and between South Jordan City, a Utah municipal corporation ("City"), and Parkway Palisades I, L.C., a Utah limited liability company ("Developer"), and this Amendment is executed in connection with the following facts:

7870201

RECITALS:

A. The City and the Developer entered into that certain Development Agreement, dated as of June 20, 1995 (the "Development Agreement").

B. The City and the Developer now desire to amend the Development Agreement in accordance with the terms of this Amendment.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the City and the Developer agree that the Development Agreement is hereby amended as follows:

1. Definitions. Except as otherwise set forth in this Amendment, the capitalized terms appearing in this Amendment shall have the meanings set forth in the Development Agreement.

2. Term. The term of the Development Agreement is hereby extended for a period of five (5) additional years, and such term shall expire on June 20, 2005. This extension hereby supersedes Section 15 of the Development Agreement.

3. Reimbursement.

(a) The Developer has completed certain work on and improvements to Phases II and V of the Subdivision. In exchange for Developer's completion of such work, the City agrees to credit the Developer the following amount: \$35,519.00 for Phase II for the items set forth on the attached Exhibit "A", which is incorporated herein; and \$27,594.00 for Phase V for the items set forth on the attached Exhibit "B", which is incorporated herein (both of such amounts are collectively referred to herein as the "Credit Amounts").

(b) The Developer shall receive the Credit Amounts from the City in the form of a credit against the remaining amounts that Developer owes the City in connection with road costs under the Development Agreement, as referred to in Section 4(d) hereof, and the City shall grant the Credit Amounts.

27.23.105.001-005, 27.23.106.001-007, 27.23.129.004-009,
27.23.129.022-023, 27.23.129.010, 27.23.129.022-023, 27.23.129.011-014,
27.23.176.006-007, 27.23.154.001-004, 27.23.153.018, 27.23.153.017,
27.23.153.023, 27.23.153.014, 27.23.153.022, 27.23.153.021,

pg 7468

BR 445 PG 7468

(c) The Developer believes that the culinary and irrigation water lines referenced on Exhibit "B" (collectively, the "Water Lines") have been installed in Phase V of the Subdivision. If the City hereafter establishes that all or any portion of the Water Lines were not so installed as of the date of this Amendment, then the Developer will pay the City the amounts the City has credited to the Developer for the installation of such uninstalled portion of the Water Lines. The Developer will make such payment to the City within thirty (30) days after the Developer receives written notice from the City requesting such payment, setting forth the amount of such payment in detail (based on the prices listed on Exhibit "B" hereto), and providing a written certification identifying the exact portion of the Water Lines that was not installed as of the date of this Amendment, signed by the City and stating that the City has verified through on-site excavation or other reasonable means that such portion of the Water Lines was not so installed as of the date hereof.

(d) The Developer installed a portion of the 15" concrete storm drainage pipe referenced on Exhibit "B" hereto in Phase V of the Subdivision, including a portion that starts at and includes the manhole clean-out box located in the intersection of the River Road and Louise Meadow Drive and runs 120 feet north from such manhole (the "Storm Drain Pipe"). The City believes that the Storm Drain Pipe has not been installed at the proper elevation. If the City hereafter establishes that some or all of the Storm Drain Pipe was not installed at the proper elevation, the Developer will pay the City the amount necessary to re-install the Storm Drain Pipe at the proper elevation, based on the rates set forth on Exhibit "B" hereto. The Developer will make such payment to the City within thirty (30) days after the Developer receives written notice from the City requesting such payment, setting forth the amount of such payment in detail (based on the prices listed on Exhibit "B" hereto), and providing a written certification that some portion of the Storm Drain Pipe was not installed as of the date of this Amendment, signed by the City and stating that the City has verified through on-site excavation at the Developer's cost or other reasonable means that such portion of the Storm Drain Pipe was not installed at the proper elevation as of the date hereof. In any event, the City shall only require the Developer to make such a payment at the time of and in connection with the City's construction of the River Road, as set forth in Section 4 hereof.

4. Construction of River Park Road/Louise Meadow Drive.

(a) The City shall install and construct a fully-paved road eighty (80) feet in right-of-way width along and over the property or road located on the east border of the Subdivision and commonly known as the River Road (the "River Park Road") and the City shall do so at its sole expense. The City's obligation to install and construct the River Park Road shall include the installation of all necessary utilities and improvements, including, without limitation, curb, gutter, sidewalks, sewer, water systems, including water services to each lot, pressure irrigation and storm drains, as more particularly set

27.23.153.014, 27.23.153.020,

forth on the attached Exhibit "C", which is incorporated herein. The sidewalk and park strip on the east side of River Park Road shall be at the discretion of the City. The City shall complete the construction of the River Park Road prior to the expiration of the term of Development Agreement, as extended under Section 2 hereof, and in accordance with Section 4(d).

(b) Because the City (rather than the Developer) will be completing the construction of the River Park Road, the Developer will not be obligated to provide or pay for a performance bond in connection with the construction of the River Park Road, nor will the Developer be making any implied or express warranty about the construction of the River Park Road.

(c) Because the City will construct the River Park Road, and to avoid the confusion problems associated with having two contractors on the job at one time, the City will complete the construction of the uncompleted 176 foot section of Louise Meadow Drive that intersects the River Park Road. The Developer will pay the City to construct this uncompleted portion of Louise Meadow Drive at current bid prices, and the same items shall be included within the construction of that portion of Louise Meadow Drive as are set forth on Exhibit "B" hereto.

(d) The Developer agrees to pay to the City the amount of \$89,137.54, due in connection with the construction of the River Park Road, and the Developer shall do so within thirty (30) days after the City's request for such payment. The City shall use its reasonable diligent best efforts to commence and complete construction of the River Park Road after receiving such amount from the Developer.

5. Approval of Phase VII. At the time the City is prepared to construct a road in Phase VII, the City shall notify the Developer and shall allow the Developer thirty (30) days after receiving such notice in which to file the Subdivision plans for approval by the City. Upon final approval by the City of the Subdivision plans and subject to appropriation of funds by the City Council, the City shall have nine (9) months in which to complete construction of the Road.

6. Consistency. Except as otherwise set forth herein, the terms of the development Agreement shall remain unchanged and in full force and effect.

IN WITNESS WHEREOF, the parties have executed this Amendment as of the date first set forth above.
