6. Easement. Easements for installation and maintenance of utilities and drainage facilities are reserved as shown on the recorded plat of each lot. Within these easements, no structure, planting or other material shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities, or which may change the direction of flow of drainage channels in the easements, or which may obstruct or retard the flow of water through drainage channels in the easements. The easement area of each lot and all improvements in it shall be maintained continuously by the owner of the lot, except for those improvements for which public authority or utility company is responsible.
7. Nuisances. No noxious or offensive activity shall be carried on upon any lot, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood. 10. Livestock and Poultry. No animals, livestock, or poultry of any kind shall be raised, bred or kept on any lot except that dogs, cats or other household pets may be kept provided that they are not kept, bred, or maintained for any commercial purpose and are restricted to the owner's premises or on leash under handler's control.
11. Garbage and Refuse Disposal. No lot shall be used or maintained as a dumping ground for rubbish. Trash, garbage or other waste shall not be kept except in sanitary containers. All incinerators or other equipment for the storage or disposal of such material shall be kept in a clean and sanitary condition.
