SUPPLEMENTAL EASEMENT AGREEMENT
WY00150

This Supplemental Easement Agreement ("Agreement") is entered into between **THE WOODS OF PARLEY'S LANE, INC.**, a Utah Corporation (Grantor) and **QUESTAR PIPELINE COMPANY**, a Utah corporation (Grantee).

RECITALS

A. Grantee acquired the following Rights-of-Way and Easements (Easements) under those certain Right-of-Way and Easement Grants (Grants) dated March 20, 1929, and recorded as Entry #42554, Book G miscellaneous, at Page 225 and Entry #79168, in Book Z miscellaneous, at Page 570, respectively, in the Summit County Recorder's Office. The Grants are attached hereto as Exhibits "A" and "B".

Land of the Grantor located in Section 10, Township 1 South, Range 3 West, Salt Lake Base and Meridian;

B. Grantor is the owner of certain parcel(s) of real estate referenced in Section 1 below.

C. Grantee has agreed to allow Grantor to construct improvements subject to and in accordance with the terms of this Agreement. Grantor desires to construct certain improvements within the Easement that conflict with or have the potential to conflict with Grantee's rights under the Grant.

D. This Agreement shall serve as a supplemental modification to the Grant.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. Grantor shall have the right to construct a certain road, and make permanent a previously constructed bridge, (Improvements) within the boundaries of the Easement as per Grantor's plans and specifications for The Woods of Parley's Lane. The roadway plan is attached hereto as Exhibit "C". The bridge construction plan is attached hereto as Exhibit "D". Grantor acknowledges that this Agreement does not contemplate the relocation of any of Grantee's facilities. All finish grades over the existing pipeline must exceed 36 inches of cover and are not to exceed 60 inches of cover. Grantor shall be responsible for all liabilities and obligations assumed by Grantor under this Agreement.

The Easement being described as:

A 30.0 foot wide Right-of-way and Easement extending through and across the following described land and premises as follows, to wit:

Lot 10 , Outparcel 1, Trailhead Parcel, Common Areas and Roadways within The Woods of Parley's Lane Subdivision, according to the official plat on file with the Summit County Recorder, State of Utah.

Said Easement and Right-of-Way located in Section 10, Township 1 South, Range 3 East, Salt Lake Base and Meridian; as it applies to The Woods of Parley's Lane Subdivision.

2. Grantor acknowledges that Grantee operates and maintains two high-pressure natural gas pipelines (ML14, 20" and ML2, 24") within the Easement areas. Prior to any construction of the Improvements, Grantor shall have the Easement areas "blue-staked" and shall take all necessary preventative measures to ensure that the Improvements do not cause damage to Grantee's facilities. Any damage to Grantee's facilities shall be immediately reported by telephone to Grantee at 1-800-300-2025; immediate reporting shall also be made to emergency officials at 911 if the damage results in a release of natural gas.

3. Grantee may, at its sole discretion, choose to have a representative present during all construction activities. Grantor shall provide 48 hours advance notification prior to the commencement of any construction activities within the Easement. Notification shall be given to Steve Robinson (801) 324-4600 or Mark Ransdell (307) 783-4903.

4. Grantor acknowledges and agree that in the event Grantee has the need to inspect, maintain, relocate, reconstruct, or modify its facilities, Grantee will provide Grantor with 5 (five) business days notice to remove the Improvement, at Grantor's sole cost and expense. In an emergency, Grantee shall have the right to remove Grantor's Improvement without notice and without any liability for damages. As further

consideration for granting this Agreement, Grantor also agrees to pay any and all of Grantee's expenses arising from or caused by the removal of Grantor's Improvements. Such payment shall be made to Grantee no later than 60 (sixty) days after receipt of invoice. Any subsequent replacement or reconstruction of the Improvements shall be at Grantor's sole cost and expense.

5. Grantor acknowledges and agree that Grantee maintains all rights under the Grant, including unlimited ability to install and maintain pipeline marker signs within the Easement, to access the Easement without impediment, to excavate the pipeline and otherwise disturb the Improvement (e.g. corehole drilling roadways, pavement cuts, etc.) as a result of pipeline-related operating and maintenance activities.

6. Grantor acknowledges and agree that structures, sheds, fences, trees, rock walls and other types of encroachments within the Easement are inconsistent with Grantee's rights under the Grant and may pose a nuisance to public safety. Grantor shall not permit or allow to be permitted any installation of such encroachments within the Easement, and shall immediately remove and remedy any such encroachments to the satisfaction of Grantee.

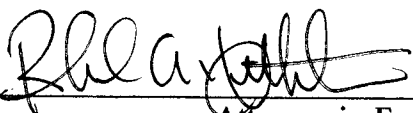

7. Grantor shall defend, indemnify, and hold Grantee harmless from and against any and all liability, damages, loss, costs, and expenses, including without limitation attorney's fees, on account of injury or damage to persons, including without limitation employees or agents of Grantor and its subcontractors of any tier, or property caused directly or indirectly by Grantor's use or occupancy of the Easement.

This Agreement shall be binding upon and inure to the benefit of the successors and assigns of Grantor and the successors and assigns of Grantee, and may be assigned in whole or in part by Grantee.

It is hereby understood that any parties securing this Agreement on behalf of Grantee are without authority to make any representations, covenants or agreements not herein expressed.

WITNESS the execution hereof this 2nd day of August, 2007.

$$M_{max} = \frac{31(14)^2}{4} = 147.25 k'$$

Assume unbraced entire span

W18x65 C.F. = 159 k'

$$\Delta = \frac{31(14)^3}{48(29,000)(1070)} = 0.25$$
