Grantee shall not interfere with or obstruct the use of said premises by Grantor, or injure or interfere with any person or property on or about said premises.

Grantee, in the exercise of the rights granted to it hereunder, shall not do or permit to be done any welding or operations involving sparks or flame which could cause fire or explosion, without prior consent of Grantor, and then only subject to and in accordance with the provisions hereof and such other conditions as may be expressed in said consent.

Grantee shall bury its pipe line so that it will pass at least twelve (12) inches beneath previously laid pipe lines which it may cross, and so that they will be at all points at least twenty-four (24) inches below the surface of the ground, and shall promptly and properly back-fill all excavations made by or for Grantee on the premises.

Whenever, in the opinion of Grantor, said pipe line interferes with Grantor's use of or operations under the premises, Grantee shall, at its own expense and risk, within sixty (60) days after written request therefor by Grantor, lower or relocate and reconstruct said pipe line upon and across said premises to the depth or along the route specified by Grantor in such request, and shall restore said premises as nearly as possible to the same state and condition they were in prior to the lowering or prior to the reconstructing of said pipe line, as the case may be.

Grantee and its employees and agents, at any and all times when necessary, shall have free access to the said pipe line, over such reasonable route as Grantor may designate or approve, for the purpose of exercising the rights hereby granted.

This grant of right of way is personal to Grantee and shall not be assigned by Grantee, whole or in part, without the written consent of Grantor first being had. No written consent by Grantor hereunder shall be deemed a waiver by Grantor of any of the provisions hereof, except to the extent of such consent.

It is further understood and agreed that this agreement and the rights and privileges herein given Grantee, shall terminate in the event that Grantee shall fail, for a period of one year, to maintain and operate said pipe line.

In the event of the termination of this grant of right of way, Grantee shall thereupon, at its own expense and risk, remove all pipe and any other property placed by or for Grantee upon said land, and restore said premises as nearly as possible to the same state and condition they were in prior to the construction of said pipe line, but, if it should fail to do so within sixty (60) days after such termination, Grantor may so do, at the risk of Grantee, and all cost and expense of such removal and the restoration of said premises as aforesaid, together with interest thereon at the rate of six per cent per annum, shall be paid by Grantee upon demand; and in case of a suit to enforce or collect the same, Grantee agrees to pay Grantor in addition a reasonable attorney's fee to be fixed and allowed by the court.

Upon the termination of the rights hereby granted, Grantee shall execute and deliver to Grantor, within thirty (30) days after service of a written demand therefor, a good and sufficient quitclaim deed to the rights hereby granted. Should Grantee fail or refuse to deliver to Grantor a quitclaim deed, as aforesaid, a written notice by Grantor reciting the failure or refusal of Grantee to execute and deliver said quitclaim deed, as herein provided, and terminating said grant shall, after ten (10) days from the date of recordation of said notice, be conclusive evidence against Grantee and all persons claiming under Grantee of the termination of said grant.

Grantee shall and will pay, before the same become delinquent, all charges, taxes, rates and assessments upon or against said pipe lines and any other property or improvements placed by or for Grantee upon said premises, but Grantor may, at all times after any delinquency, pay and discharge all of such delinquent charges, taxes, rates and assessments, after reasonable verification thereof, and all such payments so made by Grantor, with interest thereon at the rate of six per cent per annum from date of payment, will be paid by Grantee upon demand. The amount of such payments and interest shall be a charge and lien against all pipe and other property placed by or for Grantee on said premises, and in case of a suit, after such demand, to enforce or collect the same, Grantee agrees to pay Grantor in addition thereto a reasonable attorney's fee to be fixed and allowed by the court.
