No professional, business or commercial use shall be made of the same, or any portion thereof; provided, however, that the Lot restrictions contained in this section shall not be construed in such a manner as to prohibit an owner or resident from (a) maintaining a personal professional library therein; (b) keeping personal business or professional records or accounts therein; or (c) handling personal, business or professional telephone calls or correspondence therefrom.

2.2 **Lot Size.** Lot sizes as described on the Plat are considered minimum Lot sizes and no person shall further subdivide any Lot other than as shown on the Plat. Lots may not be combined for construction of a single home.

2.3 **Care and Maintenance of Lots.** The Owner of each Lot shall keep the same free from rubbish, litter and noxious weeds. All structures, landscaping and improvements shall be maintained in good condition and repair at all times. Each Lot shall be subject to an easement for access to make repairs upon adjoining Lots and structures; provided however, that:

- (a) Any damage caused by such entry shall be repaired at the expense of the owner whose property was the subject of the repair work which caused the same;
- (b) Any such entry shall be made only at reasonable times and with as little inconvenience as possible to the owner of the entered Lot; and
- (c) In no event shall said easement be deemed to permit entry into the interior portion of any home.

3.1.2 **Declarant as ACC.** The Declarant shall act as or appoint individuals to serve on the ACC during the Development Phase. Thereafter, the Lot Owners may elect three (3) to seven (7) individuals, who must be Lot Owners, to serve as the ACC.

3.1.3 **Submission of Plans.** Two (2) complete sets of building plans and specifications shall be filed with the ACC, together with a site or plot plan showing grading, landscaping and all lighting, indicating the exact part of the building site which the improvements will cover, an application and such supporting material, such as samples of building materials, as the ACC deems necessary, along with a \$75.00 non-refundable fee. No work shall commence unless and until the ACC shall endorse on one set of such plans its written approval that such plans are in compliance with the covenants herein set forth and with the standards herein or hereafter established by said ACC pursuant hereto. The second set of such plans shall be filed as a permanent record with the ACC.

3.1.4 **Rights of Approval.** The ACC shall have the right to refuse or approve any plans and specifications and shall have the right, in so doing, to take into consideration the suitability of the proposed building, the materials of which it is to be built, the site upon which it is proposed to be erected, the harmony thereof with the surroundings, and the effect of said building, or other structure so planned, on the outlook from adjacent or neighboring property.

3.1.5 Architectural Standards. The ACC may promulgate and maintain a list of standards for guidance in approving or disapproving plans and specifications pursuant to this Article.

3.1.6 Non-Liability. The ACC shall not be held liable for damages by reason of any action, inaction, approval, or disapproval by it with respect to any request made pursuant to this Article. Any errors or omissions in the design of any building, other improvement or landscaping and any violation of any governmental ordinance are the sole responsibility of the Lot Owner and the Lot Owner's designer, architect, or contractor. The ACC's review of plans shall in no way be concerned with structural or mechanical integrity or soundness.

3.1.7 Time Frame for Action. In the event the ACC fails to approve or disapprove in writing any such plans within sixty (60) days after the submission thereof to the ACC, then approval shall be deemed to have been given.

3.1.8 Waiver. The approval of the ACC of any plans and specifications for any work done or proposed shall not constitute a waiver of any right of the ACC to disapprove any similar plans and specifications subsequently submitted.

3.1.9 Rules and Regulations. The ACC shall adopt reasonable rules and regulations for the conduct of its proceedings and to carry out its duties and may fix the time and place for its regular meetings and such extraordinary meetings as may be necessary, and shall keep written minutes of its meetings, which shall be open for review and inspection upon request. The ACC shall, by majority vote, elect one of its members as chairman and one of its members as secretary and the duties of each will be such as usually appertain to such offices. Notice of meetings shall be given to owners who have made application to the ACC for approval of plans.

The granting of a permit or approval by any governmental entity with respect to any matter shall not bind or otherwise affect the power of the ACC to refuse to approve any such matter.

3.3 Design Restrictions. In order to promote a harmonious community development and protect the character of the Property, the following design guidelines, together with any guidelines hereafter established by the ACC, are applicable to the Property:

3.3.1 Purpose and Intent. The intent of these Design Restrictions is to encourage a blending of styles within the Property with the natural surroundings and prevailing architecture of the created environment of the Property. These standards allow design latitude and flexibility, while ensuring that the value of the Property will be enhanced through the control of site planning, architecture and landscape elements.

3.3.2 ACC Enforcement. The ACC may levy a fine or penalty of up to \$500.00 per day against any Owner who fails to refrain from violating these covenants or any rule of the ACC. The ACC shall provide five (5) days written notice and opportunity for the Owner to cure the violation prior to levying such fine or penalty. All fines and penalties levied and attorney fees, expenses, and costs incurred in collecting such fines and/or penalties shall constitute a lien on the Owner's Lot, and shall also be a personal obligation of the Owner, enforceable at law, until such payment therefor is made. Enforcement under this provision shall be in addition to any mechanism of enforcement provided in this Declaration or by applicable law.

3.3.3 Permitted and Required Structures.
