Eagle Mountain Properties Master Plan Area

Disclosure and Acknowledgment Concerning Availability of Municipal Services

The Developer understands that the Town of Eagle Mountain provides municipal services where and when available to its residents. Approval by the Town to record a subdivision plat or the issuance of a building permit by the Town is not a commitment by the Town to supply water, sewer, electric power, or telephone services at this date. The Town has insufficient capacity as of the date of this agreement, to provide water, electric power, sewer and telephone service to the properties of the Developer's project described on Exhibit "1" and may not provide water, sewer, telephone, and electric power services unless the Town has acquired sufficient facilities to do so. Eagle Mountain Properties, L.C. has assumed the obligation to build certain facilities, and if the required facilities are not constructed by Eagle Mountain Properties, L.C., the Town may not have sufficient capacity to supply water and power when a home is ready for occupancy. Contact Eagle Mountain Properties, L.C. for further information or the Town of Eagle Mountain Engineer for further information.

The Developer is required and hereby agrees to print the statement set forth below in all documents offering any part of the project for sale and to require in all subsequent sale documents that each subsequent purchaser also require continuing disclosure and disclose to future purchasers the following statement in all sale documents offering the project or any part of the project for sale.

SOUTH AREA UTILITIES DISCLOSURE

The Town of Eagle Mountain is a rapidly growing community and because of the rapid growth, the Town needs more water, sewer, power and telephone utility facilities. The Town has entered into an agreement with Eagle Mountain Properties, L.C. to provide additional utilities which are required by utility capacity demands as the Eagle Mountain Properties area grows. In the event that Eagle Mountain Properties is deficient in funding the growth of the utilities, the Town is not liable for utility deficits encountered by home buyers or builders and may not have capacity to supply certain utilities. To find out the status of utility capacity, contact the Town of Eagle Mountain Engineer.

I have read the statement above concerning utilities in the Town of Eagle Mountain.
