TOGETHER WITH, all facilities, equipment, improvements, fixtures, features and appurtenances located in, under or upon such lands or interests in lands.

TOGETHER WITH the rights, privileges, duties, obligations, and responsibilities of the Grantor which exist, as of the date of this Quitclaim Deed, as a result of any valid right-of-use agreements entered by Grantor. The Grantee shall honor the terms of each such right-of-use agreement, as described in the Provo River Project Transfer Act and Contract No. 04-WC-40-8950, dated November 23, 2004.

ALL OF THE ABOVE described lands or interests in lands, facilities, equipment, improvements, fixtures, features, and appurtenances are hereinafter collectively referred to as the "Real Property". This Quitclaim Deed shall be interpreted as conveying all of Grantor's interest, present and future, in all lands, interests in lands, facilities, equipment, improvements, fixtures, features and appurtenances that in anywise are a part of or essential to the ownership, operation, or maintenance of the Aqueduct Division of the Provo River Project lying or located within Salt Lake County, Utah, whether acquired or constructed by or for Grantor, or acquired or constructed by or for Grantee, or constructed by or for others pursuant to right-of-use agreements, except as expressly excluded or reserved below.

THIS CONVEYANCE DOES NOT INCLUDE OR MODIFY:

1. Any interest in or to any National Forest system lands crossed by the Salt Lake Aqueduct. As to such lands, Grantor shall convey to Grantee, by separate instrument, an appropriately sized, permanent easement for the use, operation, maintenance, repair, improvement,

and replacement of the Salt Lake Aqueduct, as described in the Provo River Project Transfer Act and Contract No. 04-WC-40-8950.

2. Any interests in water rights or rights to use water.

3. Any oil, gas or other mineral rights or interests held in the name of the United States; *provided*, however, that any future exploration for oil, gas or other Federally owned minerals or minerals rights or interests underlying the Real Property shall be conducted in such a manner as will not compromise the structural integrity of, or interfere with the use, operation, maintenance, repair or replacement of, the Salt Lake Aqueduct, or related facilities, equipment, improvements, fixtures, features or appurtenances; *provided further* that no surface occupancy for exploration or exploitation of oil, gas, or other Federally owned minerals rights or interests shall be allowed on the Real Property.

THIS CONVEYANCE IS SUBJECT TO:

1. Oil, gas, and other mineral rights reserved of record by or in favor of third-parties as of the date of this Quitclaim Deed.

3. A perpetual easement reserved by Grantor on, over, or across the Real Property to provide for lawful continued non-motorized public access to and across the Real Property for recreational purposes; *provided* that such non-motorized public use shall not interfere with the use, operation, maintenance, repair, improvement, replacement or protection of the Salt Lake Aqueduct and related facilities, equipment, improvements, fixtures, features and appurtenances, and such non-motorized public use shall be subject to all existing and future state, federal, local and Grantee statutes, rules, regulations, ordinances, policies and procedures regarding safety and security.

4. Title to any equipment, improvements, fixtures, features and appurtenances which are part of the Provo River Project, Utah, Deer Creek Division, is hereby reserved to the Grantor.

5. Title to any equipment, improvements, fixtures, features and appurtenances which are part of the Central Utah Project is hereby reserved to the Grantor.

NOTICE IS HEREBY GIVEN that:

1. Acting pursuant to the requirements of 40 CFR 373, on April 23, May 3, and May 18, 2006, the Grantor performed a hazardous waste survey of the Real Property, and a copy of said survey was delivered to the Grantee in a letter dated September 26, 2006. The Real Property conveyed herein to the Grantee is being conveyed in the same condition as existed on the date of said survey and which is more particularly described in that survey. No remediation by the Grantor on behalf of the Grantee has been or will be made.

2. The Grantee has used, and has had operation and maintenance responsibility for the Real Property for over 50 years. Grantee and its successors and assigns accept the Real Property

“as is” and also accept liability for the Real Property from the date of this Quitclaim Deed forward.

3. The Grantee, its successors and assigns shall be responsible for the protection, identification, and preservation of cultural resources, if any, located on the Real Property as required by the existing and future laws of the State of Utah.

4. Nothing in this Quitclaim Deed shall be construed as including the quitclaim, abandonment, forfeiture, or relinquishment by the Grantor of its basic patent right reserved by the Act of August 30, 1890 (26 Stat. 391) as to the described lands for easements claimed, or to be claimed, for purposes other than the Salt Lake Aqueduct.

5. Nothing in this Quitclaim Deed shall be construed or interpreted as altering or amending the terms or conditions of any United States contract, or supplements or amendments thereto, except as specifically provided in Article 20 of Contract No. 04-WC-40-8950, dated November 23, 2004.

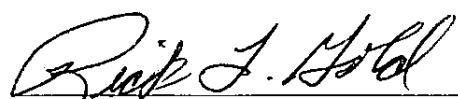

6. If any further specific conveyances should be necessary hereafter, because of the discovery of additional Real Property not listed on the Exhibits, to more specifically and legally describe the Real Property, or because the Grantor acquires any title to or interest in the Salt Lake Aqueduct by reason of an instrument in the Grantor's chain of title, or by operation of law, then Grantor shall make reasonable efforts to provide such conveyances, on the same terms and conditions set forth above.

7. Nothing in this Quitclaim Deed shall be construed or interpreted as creating any condition subsequent, reverter, or possibility of a reverter.

TO HAVE AND TO HOLD unto Grantee, and Grantee's successors and assigns, the Real Property, together with all the rights and appurtenances thereto in anywise belonging, forever.

WITNESS the hand of the Grantor this 2nd day of October, 2006.
