IV.

SEWAGE, WATER AND UTILITIES

A. Sewage. Unless and until a sanitary sewage system shall have been constructed to serve the Subdivision, an individual sewage disposal system constructed in accordance with requirements of the Utah State Department of Health and other

appropriate health authorities shall be installed to serve each dwelling by the lot owner. Such sewage disposal system shall consist of a water tight holding tank for disposal by a scavenger service unless special permission is obtained from the Planning Committee for use in approved areas of a septic tank and drainage field. When special permission is obtained for use of a septic tank and drainage field, County approval must be obtained by the lot owner prior to construction. The effluent from septic tanks shall not be permitted to discharge into any streams, storm sewers, open ditches or drains. No outside privie, toilet or outhouse, temporary or permanent, shall be permitted on any lot.

Culinary water shall be supplied by the Corporation to a point adjacent to each lot on the road or on easement lines indicated on the Subdivision Plat, and the owner of each lot shall be required, at said owner's expense, to install pipelines connecting the dwelling on the owner's lot to such a point. Culinary water shall be supplied to the connection point to an owner's lot, as shown by the easement lines on the Subdivision Plat, by May 1, 1974, or within 30 days after an approved building permit issued by Rich County, Utah, is supplied to the Corporation by said lot owner, whichever is the last to occur. Water shall be accepted and used by said owner in conformity with all rules and regulations as may be adopted by the Corporation or any other proper authority. Outside use will be prohibited except for emergency use in starting trees and shrubs.

C. Electricity. Electricity shall be supplied by the Corporation to certain points within the Subdivision, as shown by the easement lines on the Subdivision Plat, and the owner of

each lot shall be required to install, at the owner's expense, such lines as are necessary to connect the dwelling on the owner's lot to such a point. Electricity shall be supplied to the connection point to an owner's lot, as shown by the easement lines on the Subdivision Plat, by May 1, 1974, or within 30 days after an approved building permit, issued by Rich County, Utah, is supplied to the Corporation by said lot owner, whichever is the last to occur. All electricity lines must be installed underground, including the lines from the connection point, as shown by the easement lines on the Subdivision Plat, to the owner's dwelling.

D. Other Public Utilities. All public utilities, including electric power, telephone communication and natural gas (if any), shall be used by the individual owners under the rules and regulations prescribed by the company furnishing the public utility when and as said public utility is made available to each lot owner.

V.

EASEMENTS

A. Easements for the installation of transmission lines, pipe lines and certain rights-of-way are shown on the Subdivision Plat.

B. The Corporation reserves for itself and its successors and assigns the right to enter upon any lot to construct and maintain public utilities and improvements, pipes, poles, wires, etc., whether underground or above ground, so long as such construction and maintenance does not hinder or prevent the construction of buildings on any lots.

VI.

OWNERSHIP USE AND ENJOYMENT OF PARKS AND
RECREATIONAL AMENITIES AND COMMON AREAS

A. All parks, recreational facilities and other amenities within the Subdivision or Development are private and shall be for the use and benefit of the owners of lots in Sweetwater Park Subdivision No. 8 and for the owners of lots in other subdivisions within the Development and other classes of persons as determined by such rules and regulations as may be established from time to time by the Corporation. Nothing contained herein or in the Subdivision Plat shall be deemed to create a public right to use any such facilities or amenities or to constitute a dedication of such facilities or amenities to the public. The Corporation shall have the right to adopt reasonable rules and regulations, not inconsistent with the covenants contained herein, and to amend the same from time to time, relating to the use of the common areas and the recreational and other facilities.

B. The ownership of all recreational facilities and common areas in the Subdivision shall be in the Corporation; provided, however, at such time as the Corporation shall have sold ninety per cent (90%) of the lots within the Subdivision, the Corporation shall convey any and all of the facilities designated as common areas on the plat to the Sweetwater Park Homeowners' Association, Inc., which shall accept such conveyance.

C. Lot owners shall have access to and the right to the use and enjoyment of the marina and other resort and recreational facilities owned by the Corporation, in accordance with such rules and regulations as may be established from time to time by the Corporation and upon paying such dues or charges, if any, as may be required by the Corporation.

VII.

SWEETWATER PARK HOMEOWNERS' ASSOCIATION

A. Every person acquiring legal or equitable title to any lot in the Subdivision shall become a member of the Sweetwater Park Homeowners' Association, Inc., a Utah non-profit corporation (hereinafter sometimes referred to as the "Association") and shall be entitled to one (1) share of stock in said Association for each lot for which legal or equitable title was acquired; provided, however, upon the completion of a dwelling upon a lot in the Subdivision, the owner of said lot shall be entitled to an additional two (2) shares of stock in the Association. Each lot owner covenants to be and continue to be a shareholder of the Association and to promptly, fully and faithfully comply with and conform to the By-Laws of the Association and the rules and regulations from time to time prescribed thereunder by the Governing Board of said Association or its officers and to promptly pay in full all dues, fees or assessments levied by said Association on lot owners. Transfer of title to a lot shall automatically transfer the shares of stock in the Association appurtenant to such lot to the transferee or transferees. The Corporation shall be regarded as the owner of all unsold lots in an approved and filed subdivision in the Sweetwater Development and shall be entitled to shares of stock in the Association based on said lots and shall have the full right to vote said shares. Sweetwater Park Homeowners' Association, Inc., shall include all subdivisions of the Sweetwater Development.

B. The purpose of the Association shall be to promote the community welfare of the Subdivision and of the Development.

C. The Corporation will develop and construct a water

system and streets for the Subdivision. Upon substantial completion of the water system and streets in the Subdivision, the Corporation shall convey and transfer such water system and streets to the Sweetwater Park Homeowners' Association, Inc., which shall accept such conveyance.

D. The Association shall be responsible for the establishment and enforcement of rules and regulations with respect to common areas within the Subdivision. After the Association has acquired title to the common areas, water system and streets, it shall be solely responsible for the operation, maintenance, upkeep and repair of all such common areas, water system and streets. The costs of such activities will be met by assessments levied by the Association upon the stockholders thereof. Each such assessment, when properly assessed according to rules and regulations to be established by the Association, shall be and remain a lien upon the real property of such stockholders in the Subdivision and upon the stock of such stockholders in the Association. Said lien shall continue until all assessments are fully paid or otherwise satisfied.

E. The Association shall have such powers as set forth in its Articles of Incorporation and the laws of the State of Utah, including the power to assess and collect from each member of the Association a monthly charge in an amount to be determined by the Association. Such charges shall be determined and shall be levied and collected according to rules and regulations to be determined by the Association.

F. The lien for such assessments as may be made by the Association shall be subordinate to the lien of any mortgage or

deed of trust placed upon any lot for the purpose of financing the acquisition thereof or the construction of improvements thereon.

VIII.

PENALTY FOR VIOLATION

The Corporation, the Association or other persons to whose benefits these restrictive covenants enure may prosecute any proceedings at law or in equity against any persons violating or attempting to violate any of the provisions hereof and may prevent such persons from committing such violations and may recover damages or seek other relief for such violations. A waiver of a breach of any of the restrictive covenants contained herein shall not be construed as a waiver of any succeeding breach or violation thereof or of any other restrictive covenant. In the event legal action is necessary to enforce any of these restrictive covenants, such as conformance to a restriction or payment of a charge, then the prevailing party shall be entitled to expenses of enforcement, including reasonable attorneys' fees.

IX.

SAVINGS CLAUSE

Invalidation of any one of the covenants and restrictions hereinbefore set forth by judgment or court order or other official decree shall in no way affect any of the other provisions hereof which will remain in full force and effect during the term hereof or any renewals or extensions thereof. The Corporation, its successors and assigns, reserves the right to grant a variance from these restrictions to any lot owner, when a literal enforcement thereof would work an undue hardship or

prevent utilization of the best features of a lot in this Sub-division by an instrument duly recorded in the office of the County Recorder of Rich County, State of Utah. Said variance shall not conflict with any applicable county, state or federal regulation.

IN WITNESS WHEREOF, Sweetwater Incorporated has caused this Declaration of Restrictive Covenants to be executed the day and year first above written.
